

THE FIRST
BLOCKCHAIN
SYMBIOTIC
ECOSYSTEM

The [Medooza Symbiotic Ecosystem](#) designed to be the leading ecosystem for the Blockchain Mass adoption stage, providing revolutionary platforms and unique holistic approach that the world has never seen before.

MARKETS: The Medooza ecosystem markets include some of the largest and fast growing markets. Cryptocurrency trading market, social advertising market, Premium services (as subscription) market and the Blockchain development market. Our simple and easy to use platforms allow the intuitive way for Non-tech users become a part of the crypto economy.

OUR MISSION: To enable the Mass adoption of the Blockchain technology for both beginners and Non tech users.

THE MEDOOZA TOKEN: The MEDOOZA token will power all platforms built by the Medooza team: The universal wallet, exchange, Blockchain news portal and the social network. The platforms will allow both fiat and crypto payments with clear benefits to Medooza token holders.
